There will be a sign on the side of the road saying Ponte de Barca, Arcos de Valdevez, get in the left hand lane. About 100m past that turn you will see another sign on your left for Monção, take this exit. After about 2 or 3 km or so there will be a turning to the right directing you to Mosteiro Ermelo. Take this turn. Then left at the T junction. Follow the road round to the right and you are on your way to us. Enjoy the views! Keep on this twisty road and you will eventually pass a cafe on your right called O Cunha (big yellow sign). Follow the road a little further round to the right and you will see a collection of post boxes just past some bins on the right, take the turning just after these. You are nearly here. After a few hundred meters there is an yellow house on your right, you can't miss it. Just in front of it is a narrow tarmac road heading up a small hill. Follow road up and over the little hill a little way down on the left there is a driveway which is us. Park your car here.

Now on foot. Walk forwards, past the two ruins on your left, follow the little path. You will notice the incredibly flat and green "little Holland" on your right, follow the path down the slope and then bear left. That's it. You have arrived!
